# WILDLIFE MANAGEMENT PRACTICES

- Conservation Easement
- Control Nonnative Invasive Vegetation
- Edge Feathering
- Decrease Harvest
- Field Borders
- Forest Management
- Leave Crop Unharvested
- Livestock Management
- Set-back Succession
- Tillage Management
- Wildlife or Fish Survey

ovenbird

# WILDLIFE MANAGEMENT PRACTICES

- Control Nonnative Invasive Vegetation
- Forest Management
- Livestock Management
- Wildlife or Fish Survey

wild turkey

# WILDLIFE MANAGEMENT PRACTICES

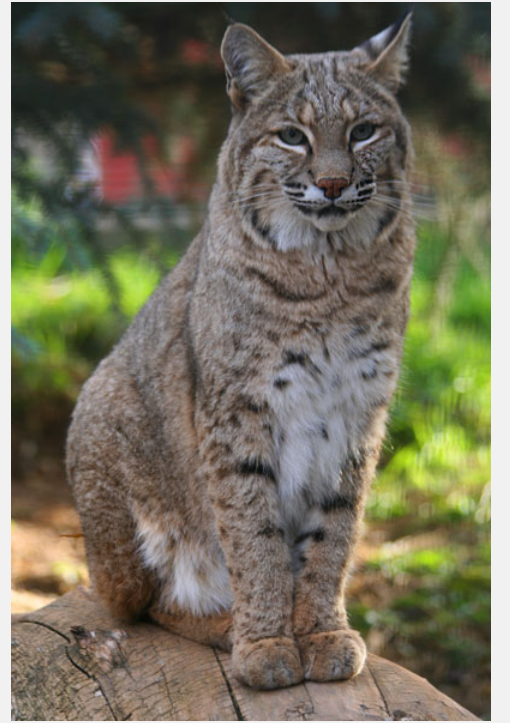

- Control Nonnative Invasive Vegetation
- Edge Feathering
- Decrease Harvest
- Field Borders
- Forest Management
- Increase Harvest
- Leave Crop Unharvested
- Livestock Management
- Set-back Succession
- Tillage Management
- Water Developments for Wildlife
- Wildlife Damage Management
- Wildlife or Fish Survey

wood duck

# WILDLIFE MANAGEMENT PRACTICES

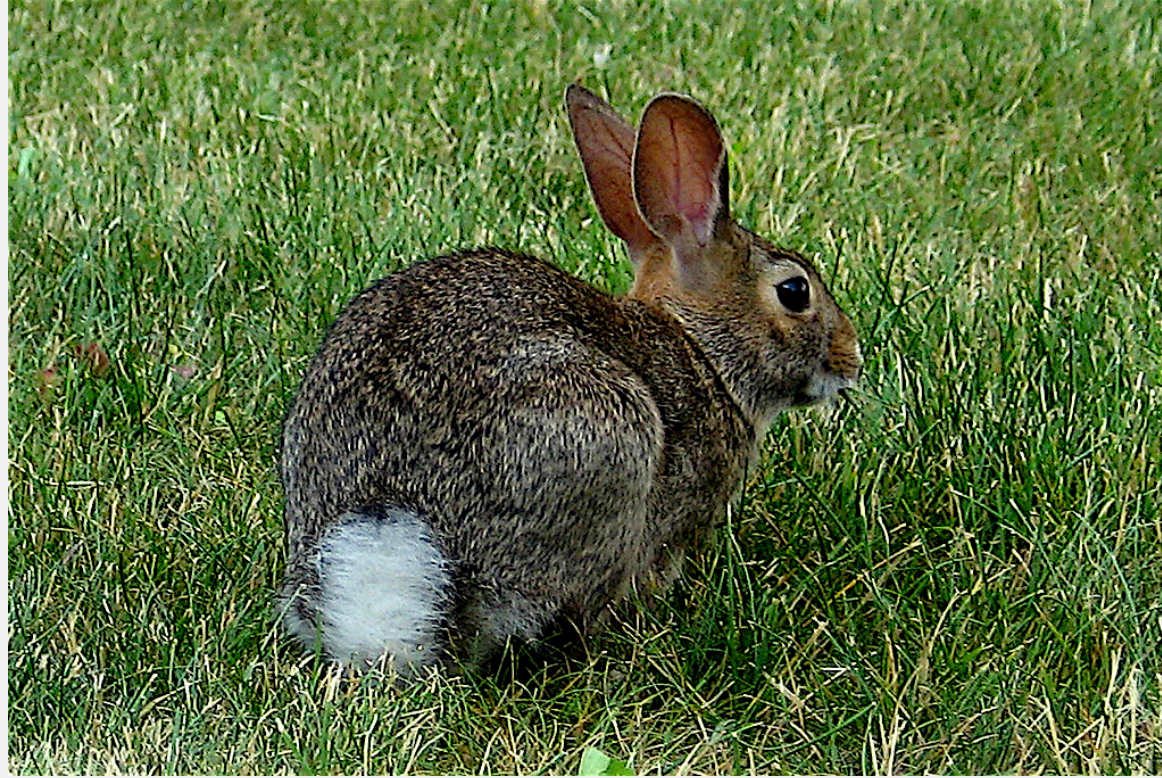

- Control Nonnative Invasive Vegetation
- Create Snags
- Forest Management
- Leave Crop Unharvested
- Livestock Management
- Nesting Structures
- Repair Spillway/Levee
- Set-back Succession
- Tillage Management
- Water Control Structures
- Water Developments for Wildlife
- Wildlife Damage Management
- Wildlife or Fish Survey

bobcat

# WILDLIFE MANAGEMENT PRACTICES

- Control Nonnative Invasive Vegetation
- Decrease Harvest
- Increase Harvest
- Edge Feathering
- Field Borders
- Forest Management
- Livestock Management
- Set-back Succession
- Wildlife Damage Management
- Wildlife or Fish Survey

eastern cottontail

# WILDLIFE MANAGEMENT PRACTICES

- Control Nonnative Invasive Vegetation
- Edge Feathering
- Field Borders
- Forest Management
- Leave Crop Unharvested
- Livestock Management
- Nesting Structures
- Set-back Succession
- Tillage Management
- Decrease Harvest
- Increase Harvest
- Wildlife Damage Management
- Wildlife or Fish Survey

eastern gray squirrel

# WILDLIFE MANAGEMENT PRACTICES

- Artificial Feeders
- Control Nonnative Invasive Vegetation
- Edge Feathering
- Forest Management
- Leave Crop Unharvested
- Livestock Management
- Decrease Harvest
- Increase Harvest
- Wildlife Damage Management
- Wildlife or Fish Survey

gray fox

# WILDLIFE MANAGEMENT PRACTICES

- Control Nonnative Invasive Vegetation
- Create Snags
- Edge Feathering
- Forest Management
- Livestock Management
- Set-back Succession
- Decrease Harvest
- Increase Harvest
- Wildlife Damage Management
- Wildlife or Fish Survey

Indiana bat

# WILDLIFE MANAGEMENT PRACTICES

- Conservation Easement
- Control Nonnative Invasive Vegetation
- Create Snags
- Forest Management
- Nesting Structures
- Set-back Succession
- Water Developments for Wildlife
- Wildlife or Fish Survey

white-tailed deer

# WILDLIFE MANAGEMENT PRACTICES

- Control Nonnative Invasive Vegetation
- Decrease Harvest
- Increase Harvest
- Edge Feathering
- Forest Management
- Leave Crop Unharvested
- Livestock Management
- Set-back Succession
- Tillage Management
- Wildlife Damage Management
- Wildlife or Fish Survey

eastern box turtle

# WILDLIFE MANAGEMENT PRACTICES

- Control Nonnative Invasive Vegetation
- Field Borders
- Forest Management
- Livestock Management
- Set-back Succession
- Tillage Management
- Water Development for Wildlife
- Wildlife or Fish Survey

bluegill

# WILDLIFE MANAGEMENT PRACTICES

- Livestock Management
- Repair Spillway/Levee
- Water Control Structures
- Decrease Harvest
- Increase Harvest
- Construct Fish Pond
- Control Aquatic Vegetation
- Fertilize/Lime Fish Pond
- Reduce Turbidity in Fish Pond
- Restock Fish Pond
- Wildlife or Fish Survey

timber rattlesnake

# WILDLIFE MANAGEMENT PRACTICES

- Control Nonnative Invasive Vegetation
- Forest Management
- Livestock Management
- Wildlife Damage Management
- Wildlife or Fish Survey

largemouth bass

# WILDLIFE MANAGEMENT PRACTICES

- Livestock Management
- Repair Spillway/Levee
- Water Control Structures
- Decrease Harvest
- Increase Harvest
- Construct Fish Pond
- Control Aquatic Vegetation
- Fertilize/Lime Fish Pond
- Reduce Turbidity in Fish Pond
